

Brinno Incorporated

DECLARATION

The digital door viewer device (PeepHole Viewer) manufactured by our company (see below image) has obtained patent rights in Taiwan (Patent Certificate of Utility Model #M368816), in Japan (Patent Certificate of Utility Model #3160302), in U.S.A. (Filing Receipt # US 12/636,173), in Europe (Acknowledgement of Receipt #EP09177635.11522) and in China (Patent Certificate of Utility Model #ZL 2009 2 0133201.3). We have recently found that a product violating our patent rights is displayed and marketed by a third party in the internet, and certain untrue product information is disseminated, which have violated the relevant regulations of the Patent Act and Criminal Law. Our company will take necessary legal actions to protect our rights. To make it clear to the public, our company hereby declares that, in order to avoid being cheated, the buyer should verify the resource of the digital peephole viewer device.

If you have any doubt of occurrence of infringement, please contact our company, and we will help you to verify the genuineness of the said device so the rights of both sides can be protected.

PeepHole Viewer
